## OVERVIEW

The regulatory and licensing compliance attorneys at Shuman McCuskey Slicer PLLC have vast experience at the state and federal levels, ensuring our clients maintain compliance with complex rules and regulations. Our team provides proactive advice and practical strategies to institutions of all sizes across different sectors to help with planning, permitting, and compliance to avoid regulatory and licensing issues. Our licensing compliance practice area attorneys also regularly represent professionals, most prominently in the medical field, regarding challenges they face with their professional licensure.

Suppose regulatory and licensing enforcement leads to the imposition of fines or other enforcement action. In that case, our attorneys are prepared to provide counsel and to evaluate whether a challenge to the action is warranted.

Where appropriate, our attorneys are prepared to provide an aggressive defense to enforcement action through civil litigation.
